Sequence Description: write a brief description of the sequence you will produce.

Sequence Project Checklist: check off each step as you proceed through the project

- We have reviewed the project guidelines (and understand them)
-
- We completed and showed our storyboards to the instructor for approval before shooting.
-
- We shot our sequence following your storyboard with pre/post roll between each shot.
-
- We captured the footage into a new Project folder in the **VIDEO HD**.
-
- We edited our sequence to match the storyboard as closely as possible.
-
- We added appropriate music from Creative Commons sources.
-
- We added an opening graphic with our names and project title.
-
- We added scrolling credits at the end with MUSIC credit if needed.
-
- We exported our sequence to the "Hand-In" on the VideoHS server in the proper folder.
-
- We stapled this checklist, and the storyboard together and handed it in to the instructor's in-box.
-
- We followed this check list perfectly (pat yourself on the back)
