

VIDEO REEL Editing Project

Challenge: Create a 30 to 60 second video reel of your BEST WORK.

Reel? What is a video reel?: A video reel is a collection of your work. Usually cut to music, it is a quick way to show off your skills to potential clients and employers.

Some **Tips** to Consider: <http://www.premiumbeat.com/blog/top-20-tips-for-creating-a-successful-demo-reel/>

Due Date: _____

Instructions:

Gather your footage from various sources (server, computers etc.)

Create a new Adobe Premiere Document.

Download a cool song.

Edit to the beats of the music.

Add effects as necessary.

Export to the HAND-IN folder.

A nice byproduct of this final product is the collection of work you have done over the past year. Please consider bringing in a means to collect your work to take home with you. A BIG thumb drive, external hard drive, or Cloud Space for uploading so you can keep these videos for future use. Even if you're not going into the video industry, five or ten years from now, you will stumble upon them and smile as you watch your young work. Trust me, I'm speaking from experience!
